

McKEECO

GENERAL ENGINEERING PTY LTD

Drymill

PACK HANDLING

McKEECO can supply pack chains, scissor lifts and tilt hoists.

PLANER SYSTEMS

Infeed / Outfeed System for Planer Moulder

Cost efficient robust system accommodates rough sawn timber and is designed to match through feed capabilities of the planer moulder. It comprises infeed chain, feed rolls and outfeed belt conveyors. Moulder infeed features AC variable speed adjustment of pinch rollers and butt feeding through moulder.

STACKING

McKEECO can offer a stacker to suit your particular requirements. Hardwoods or softwoods can be accommodated.

BOARD HANDLING

McKEECO can provide the complete package for all your board handling requirements including ending rolls, unscramblers, chain decks and the complete range of complimentary conveyor systems.
